

## 15 - MINUTE APPLICATION REMINDERS

Instructions: Mark this checklist each time the related task is completed.

	0:15	0:30	0:45	1:00	1:15	1:30	1:45	2:00	2:15	2:30	2:45	3:00
Fan both eyes for 30 seconds using the Mini Fan to disperse fumes away from your client's eyes and from yourself.												
Check for three types of sticking: Sticking to the under eye patch, upper-to-lower eyelash sticking, and upper eyelashes that have stuck to one another.												
Check under eye patch placement and adjust or replace as necessary.												
Check the environment on the Hygro-Thermometer Clock to ensure the temperature and humidity still fall within the recommended range.												
Dispense a fresh drop of adhesive in the next Adhesive Tray well.												
Groom lashes and check eyelash extension frame using the Xtreme Lashes mirror.												
Stretch back, hands, and wrists.												
Sanitize hands before continuing the application.												
<b>DISCLAIMER: These steps may need to be completed sooner than every 15 minutes. It is important to maintain open communication and assess the comfort level of your client.</b>
